I gave a draft of the reviews to Jennifer in November, after a request from J. Hebert that I do so.

I provided Venus with what I considered to be the final reviews on 12/16/09 because she was the new "secondary" reviewer designated by Meredith. I believe that I also gave copies of the reviews to you at that time & possibly electronic versions as well. You had provided paper versions of your takes on the marketing statements at about the same time. I have gotten nothing back from Venus, and I don't know what she did with what I gave her.

Bill,

FYI

Do you have a sense when you will complete the reviews for the two Diphacinone products: 3282-OI and 3282-OO? I am home now, but I believe that I sent them to you. I will have to check.

As I mentioned in my E-Mail to Ms Bjornson, with the table of the status of claims for all 4 products and the letters for the 2 Bromethalin products to be sent out Thurs or Mon, they well have a good idea of what they need to do to complete the registrations for the Diphacinone products.

Dear Ms. Bjornson,

Thank you for the electronic copies of the labels of the proposed 4 products: 3282-OA, 3282-OT, 3282-OI, and 3282-OO.

The attached 11 page table lists the 100+ marketing claims made for the four products and includes the status of each claim for each product (400+ combinations), including which claims:

1. are acceptable,
2. must be deleted, or
3. must be modified.

[attachment "Status of Claims, -OA,-OT,-OI,-OO.doc" deleted by Bill Jacobs/DC/USEPA/US]

- I am working on the first letters for the two Bromethalin products (3282-OA and 3282-OT), which will contain additional comments on the forms, data, and labeling.
- Those letters will most likely go out tomorrow or Monday.
- I will be working on the letters for the two Diphacinone products as soon as I receive the efficacy reviews.
- With the above table and the letters for the Bromethalin products, you will have a good sense of the remaining comments on the Diphacinone products.

After you have had an opportunity to review the table and letters, let me know if you have any questions.

Dan –

I am traveling through Friday but you will find the requested labels attached.
Please e-mail me tomorrow if and what claims have to be removed and I can get them done for you.

Regards,
Heather R. Bjornson
